Contractor will maintain and adhere to adequate administrative, technical, and physical safeguards designed to protect confidential information against unauthorized access or disclosure. If Contractor becomes aware that the security of any confidential information has been compromised or otherwise used or disclosed in a manner not authorized by this Agreement, Contractor will, at its expense: (i) promptly notify County in writing of the occurrence; (ii) develop and implement an appropriate plan to address the cause of the occurrence, to the extent such cause is within Contractor's control; and (iii) comply with County in County's reasonable efforts to respond to the occurrence. This provision shall survive expiration or termination of this Agreement.

Without limiting the scope of this provision and Contractor's obligations hereunder, Contractor shall protect confidential information by applying best practices such as:

- a. Using, disclosing, and communicating confidential information only as necessary to perform work under the Agreement and only the minimum amount of information necessary to accomplish the Work.
- b. Using private rooms when possible to discuss confidential information.
