

## RESOLUTION 2023-001

### **A Resolution of the Board of County Commissioners designating Boulder County's official newspapers for the year 2023**

#### Recitals:

- A. This Board has generally designated an "official newspaper" each year.
- B. There is no statutory requirement for the Board to designate a single newspaper as the County's "official newspaper" for the year.
- C. Most statutes requiring the publication of legal notices by the County and its departments and agencies simply require that the notice be published in a newspaper of general circulation in the County that qualifies legally to publish legal notices (pursuant to Section 24-70-106, C.R.S.).
- D. In the three statutes that reference a county "official newspaper," none of those statutes define that phrase, nor reference any other statute that creates such a definition.
- E. There are multiple newspapers of general circulation published in Boulder County that qualify under Section 24-70-106, C.R.S. for the publication of the County's legal notices.
- F. This Board finds that it is in the best interest of the County and its citizens to name the two newspapers published in the County that have the greatest County general circulation, the Boulder Daily Camera and the Longmont Daily Times-Call, as its "official newspapers" for purposes of the publication of County legal notices.
- G. Nothing in this resolution shall be construed to limit the publication of County legal notices to those two newspapers, where a statute or County regulation or policy requires additional publication in other legally qualified newspapers.

#### Therefore, the Board resolves:

1. The Daily Camera and the Daily Times-Call, newspapers of general circulation published in the County of Boulder, State of Colorado, and legally qualified to publish legal notices of the County, are designated as the "official newspapers" for Boulder County for the year 2023 for the purpose of publishing notices and any other matters requiring publication under the statutes of the State of Colorado.

**ADOPTED** this 10<sup>th</sup> day of January 2023.
