RE: Vacant Land (Schedule Number R0148848) (the "Property")

Dear Commissioners:

The undersigned, Sterling Property Tax Specialists, Inc., represents the owner of the Property for the purpose of filing an abatement of the 2021 Valuation. A copy of the Letter of Authorization is attached hereto and made an integral part hereof.

The Property is a parcel of vacant land parcel consisting of 17.44 ac m/l. The Property provides historical drainage for the area.

The Property was acquired for the purpose of supporting a development plan for an adjacent buildable parcel. Recently, the adjacent buildable parcel was sold to a developer and residential dwellings are being constructed. Due to deed restrictions and various easements, no habitable improvement can be constructed upon the Property and limits use of the Property to preservation the drainage and wetlands.

For tax year 2021, the Assessor has valued the property at \$101,000. Petitioner contends the Property has no market value and should be valued by the Assessor at not more than \$500.

Historic deeds include a variety of easements and restrictions. Specifically, the Special Warranty Deed dated February 16, 2001, reception number 2119827, dictates obligations and burdens imposed by the Great Western Sugar Company and outlines the easements and restrictions that limit marketability of the Property. One significant restriction is a permanent and perpetual non-exclusive easement for historical water drainage over and across the Property for the benefit of Clean Energy LLC. The deed requires Grantee protect and preserve the drainage and wetlands. Grantee may not construct habitable improvements. The Special Warranty Deed dated February 16, 2001 is shown as Exhibit A, attached hereto and made an integral part hereof.

Vacant Land, Sch. No. R0148848

Based upon the foregoing, Petitioner hereby requests the Board adjust the value of the Property for calendar year 2021 to \$500.

All information contained herein should be considered confidential and not available to any third parties.
