RE: Request for a contract extension for an additional 6 months, for Peace Office Mental Health Grant F21POMH20055

Due to a number of factors including the late execution date of this contract as well as the time which was needed to develop, design and implement the Boulder County Sheriff's Office CORDICO Officer Wellness smartphone application, we are respectfully asking that a 6-month contract extension be considered and granted so that we may maximize the funds awarded through this contract in order to cover the cost of a third year of funding for this smartphone wellness application.

The addition of this smartphone application has proven to be a significant contributor to breaking down the stigma and fear of our Law Enforcement Personnel seeking help. Since its launch in September of 2021, we have had over 75% of our entire agency download this app to their phones as well as many of their family members and loved ones. In addition to these downloads, we have had 1,648 app sessions and 2654 feature visits. Of these visits, a total of 52 of them were people in need of immediate assistance and the most frequently visited sites were as follows: Peer Support, Chaplain Support, and Therapist Finder.

If granted this six-month contract extension, we will be able to use the remaining funds in this award to secure a third full year of this application and its technical support. That said, we humbly and respectfully ask that a six-month contract extension be considered and awarded.
