 RE: Submissions to the Substance Abuse and Mental Health Services Administration Notice of Funding Opportunity (NOFO) No. SM-23-006

The Community Services Department is requesting approval to submit a grant proposal to the Substance Abuse and Mental Health Services Administration in response to its Treatment for Individuals with Serious Mental Illness, Serious Emotional Disturbance, or Co-Occurring Disorders Experiencing Homelessness (NOFO No. SM-23-006).

Grants can be up to \$2,500,000 (\$500,00/year for 5 years) and are designed to provide comprehensive, coordinated and evidenced-based services for individuals with serious mental illness, serious emotional disturbance or co-occurring disorder who are experiencing homelessness or at imminent risk of homelessness. The goal(s) of this grant funding are as follows:

- (1) Engage and connect individuals experiencing homelessness to behavioral health treatment, case management, and recovery support homeless response.
- (2) Assist with identifying sustainable permanent housing by collaborating with homeless services organizations and housing providers, including public housing agencies.
- (3) Provide case management that includes care coordination/service delivery planning and other strategies that support stability across services and housing transitions.

Boulder County Community Services (through Homeless Solutions for Boulder County) was a recipient of these funds in 2018 which were used to increase housing case management, access to behavioral health services, landlord recruitment, and housing navigation for individuals experiencing homelessness. Since the prior award, Boulder County Community Services has coordinated with Mental Health Partners and Boulder Shelter for the Homeless, as well as partners across the county to create and implement a comprehensive and coordinated service delivery system throughout to increase access to supportive housing services. As a result, the request in this submission is in support of and in conjunction with homeless and housing service providers across Boulder County.

This Community Services proposal builds upon existing efforts of Homeless Solutions for Boulder County, an intergovernmental partnership with local nonprofit organizations to provide a comprehensive homeless resolution response through the Housing First approach. The proposed application is requesting resources for the following efforts over a five-year funding period (to be sub-awarded):

- (a) Screening for mental health, substance use, or co-occurring disorders.
- (b) Enrollment and service provision in mental health and substance use disorder treatment.

- (c) Delivery of trauma-informed, culturally competent, client-centered, evidence-based, and integrated mental health and substance use services in collaboration and consultation with medical care providers. Treatment must be provided in outpatient, intensive outpatient, short-term residential, or recovery housing programs.
- (d) Case management, care coordination, and supports for enrolled individuals for linkages to housing and other necessary services.
- (e) Use of telehealth and/or telemedicine services.
- (f) Peer-related supports and services.
- (g) Referrals for individuals not eligible for enrollment and follow-up after referral to ensure connection to services and housing.

Under this funding opportunity, there is a no match requirement and has an indirect ceiling of 10% of the total award.

Boulder County Community Services will provide in-kind staff for evaluation services and project management to ensure that most dollars are used for service delivery.
