---

Detective and Administrative are 10 years or 120,000 miles. The sargeant would be the same as Patrol.

Is it different for a sergeant or detective?

For Patrol it is 10 years or 100,000 miles, whichever comes first.

One more question.

What is the expect life cycle?

**Subject:** Re: Vehicle Costs

We currently have approximately 150 motorized vehicles and cost to purchase and upfit a Tahoe for patrol would be estimated at \$68,000.00 currently in 2023.

I will work on that, however, will likely be this afternoon. My morning is quite booked up.

Shawn

**Subject:** Vehicle Costs

Hi Shawn, I am working on getting some numbers for Carey regarding Ned contract.

I need the number of vehicles in our fleet and I need total cost for a new vehicle to include all of what is needed to place it inservice for patrol.

If you can get me those numbers today, I would greatly appreciate it.
