**SECTION A: PROJECT CONCEPT/DESIGN**

**1. Describe the applicant agency.**

The Boulder County Sheriff's Office (BCSO) provides full public safety services to unincorporated Boulder County. BCSO is divided into four divisions: Operations, Jail, Support Services, and Administration. The Victim Assistance Program functions within the Operations Division and operates within the Community Assistance Programs (CAP) under the supervision of the Community Assistance Programs Director.

**2. Describe the problem in Boulder County that this specific project is trying to address.**

Experiencing a crime has lasting and varying effects. Our Victim Services Team is dedicated to ensuring victims of crime are connected to and informed of services and resources that meet their specific needs. Victims often feel a loss of control and overwhelming uncertainty when involved in the criminal justice system. Our focus is to provide support, guidance, and education while they maneuver through the system, empowering them to make educated decisions and to feel heard. Our ability to provide immediate crisis intervention, connection and information will contribute to the wrap around services necessary for successful prosecution, and most importantly, healing for the victim.

**3. Describe the project that would be funded by VALE funds in the 20th Judicial District (be specific regarding what services VALE funds will provide to this community).**

VALE funds will provide salary at a 35% FTE for the Boulder County Sheriff Community Assistance Programs Director/VALE Project Director to provide on-going direct services for English speaking, non-English speaking and the under-represented/underserved populations who are primary and secondary crime victims and witnesses, *pursuant to section 24-4.1-302.5* of the Colorado Revised Statutes. These services are provided in the unincorporated areas of Boulder County, the cities of Lafayette, Louisville, and the towns of Lyons, Superior, Niwot, Nederland, and Ward. A portion of the Director's salary is being requested to serve approximately 100 crime victims/witnesses with VALE funds. The VALE Project Director and our Team, will continue to provide culturally competent direct services to community members who have experienced a crime, which will include Victim's Rights, Victim Compensation information, and connection & information to community services while participating in the criminal justice system.

The Vicim Assitance Program has three full time staff memebers, the CAP Director (VALE Project Director), Volunteer Advocate Coordinator, and the Victim Specialist. The VALE Project Director shares the responsibilities of supervising the 24/7/365 on-call advocate first responders in a weekly rotation with the two staff members in order to provide direct services to crime victims/witnesses. In addition to providing these direct services, the Director is responsible for all administration and staff supervisory duties of the Victim Assistance Program. It is necessary to have supervision for on-scene advocates 24/7/365 to answer questions, assist with situations unfamiliar to the volunteer advocates, and to generally be a reliable resource. Teams of two volunteer advocates per a 12 or 24 hour shift, seven days a week, 365 days of the year, will rotate to provide immediate culturally competent direct services to crime victims. Assistance can be requested by a deputy/officer or supervisor, local hospitals, the Boulder County Coroner's Office, area fire departments or in cooperation with any community agency or program. The BCSO Victim Assistance Program is one of four on-scene responding advocate teams for the 20<sup>th</sup> Judicial District. We maintain a collaborative relationship and agree to respond when requested by the other three on-scene advocate teams.

Other responsibilities of the VALE Project Director are scheduling, planning, and facilitating officer briefing sessions and in-service trainings for all agencies served by the Program. Other duties include but not limited to, compiling statistics for the services provided by the Program, developing, and maintaining Program procedures as well as identifying areas in need of improvement and implementing strategies to remedy areas.

**4. Identify and describe the project's goals and objectives. Objectives must be specific, measurable, and quantifiable.**

The goal of the BCSO Victim Assistance Program is to provide crisis intervention, information and connection to victims and witnesses who have experienced a crime promptly after their victimization.

**Goal #1:** Provide immediate On-Scene direct services 24/7/365 for English speaking, non-English speaking and the under-represented/underserved populations who are primary and secondary crime victims, pursuant to *Section 24-4.1-302.5 of the Colorado Statutes*, in the unincorporated areas of Boulder County, the cities of Lafayette, Louisville and the towns of Lyons, Superior, Niwot, Nederland, and Ward.

**Objective #A:** Provide an immediate response when paged by the 911 Communication Center, within 30 to 60 minutes, depending on travel time in personal vehicles, to primary and secondary victims and witnesses of crime.

**Objective #B:** The VALE Director will provide direct services to approximately 100 victims and witnesses during 2025. The Victim Assistance Program, which the VALE Director manages, will provide direct services to more than 600 victims and witnesses of crime.

**Goal #2:** The Program will maintain approximately 30-45 trained volunteers to perform as victim assistance advocates by actively recruiting volunteers from diverse ethnic and cultural backgrounds.

**Objective #A:** Focus and target recruiting efforts to reach potential volunteer advocates from diverse ethnic cultural backgrounds. Utilize referral, publicity resources and social media to reach these prospective volunteers.

**Objective #B:** Screen, interview, and select new volunteers to provide adequate staffing for On-Scene shifts 24/7/365.

**Objective #C:** Provide a 40-hour training to new volunteer advocates throughout the year as interest participants apply.

**Goal #3:** Maintain culturally competent, victim centered, and trauma informed staff and volunteer Advocates.

**Objective #A:** Coordinate continuing education for staff Advocates. Send staff & volunteer advocates to the statewide COVA Conference and other community trainings to enhance advocacy skills, cultural competence, and trauma awareness.

**Objective #B:** Coordinate, with the Program Volunteer Coordinator, monthly two-hour training/meetings for volunteer advocates. These meetings, in addition to offering support to volunteers, will also provide at least eight educational training sessions during 2025. Volunteer recognition, team building, and updated procedures are also topics of meeting. Training will emphasize developing skills to provide culturally competent, victim centered, trauma informed services.

**5. Describe any anticipated problems in meeting the project's goals and objectives.**

We anticipate no critical problems meeting our project goals. Our Volunteer Advocate Coordinator position has been vacant since late January of 2024, first for a leave of absence then a resignation. The administrative duties for this position were covered by the Program Director. Despite this we meet our project goals and objectives for 2024. Therefore do foresee any barriers to meeting the goals in 2025. We are currently in the process of finalizing the hiring process for the new Advocate Coordinator.

**SECTION B: SERVICE INFORMATION**

**1. Define the population and geographic area targeted for services through this project, and, if the**

**project is not located entirely in the 20<sup>th</sup> Judicial District, what percentage of services would be for victims and witnesses in the 20<sup>th</sup> Judicial District?**

The BCSO Victim Assistance Program serves a population of over 130,000 community members who reside in unincorporated Boulder County, the cities of Louisville, Lafayette, the towns of Lyons, Superior, Niwot, Nederland, and Ward; all areas within the 20<sup>th</sup> Judicial District.

**2. Briefly describe how the project strives to provide culturally competent services. Please explain your current outreach efforts to under-represented populations. What have been the results of these efforts?**

Actively recruiting bicultural/bilingual volunteer advocates is a priority for this Program. Our program started 2023 with no Bilingual Advocates. Although our program goal outcomes were not as robust as we had anticipated we were still successful in recruiting multiple bilingual and bicultural volunteer advocates and our awareness and reporting of underserved populations has greatly increased. In 2023 our data shows we served 88 Hispanic victims of crime and as of late September 2024 we have served 220 Hispanic crime victims. Our advocates outreach and meet in person with our monolingual Spanish speaking victims to help them complete CVC applications and other applications for resources and to support them with directly connecting to services.

All Program staff members have attended cultural sensitivity training provided by Boulder County. Advocates receive information and on-going trauma-informed care training incorporating cultural responsiveness to victimization. Program brochures and pamphlets, in addition to our Victim Rights booklet, have been translated into Spanish. Advocates download other languages and large print brochures from the Colorado Division of Criminal Justice website.

An in-service training will be provided during the grant period addressing the impact of diversity on interpersonal communications and ways to be sensitive to differences. The result of this training effort leads to a smoother response for culturally sensitive callouts and readies the volunteer to be prepared to quickly determine how to best assist victim needs. We continually conduct briefing trainings to educate deputies/officers concerning cultural issues they face pertaining to underserved populations. All advocate responders have access to the Department Language Line to assist with any language 24/7/365. Advocates utilize interpreters during crisis intervention when face-to-face contact is vital to supporting underserved populations.

**3. What number of people are in need of the services as proposed by this project?**

There are over 130,000 citizens residing in the rural areas, the cities, and towns within our service areas. Potentially all could be served by the BCSO Victim Assistance Program. Additionally, a number of people from other jurisdictions come to Boulder County for recreation and other events, unfortunately, some of these people also fall victim to crimes that occur in Boulder County.

**a. What number of people are currently being served in the 20<sup>th</sup> Judicial District and how?**

In the first nine months of 2024, volunteer victim advocates and staff assisted 957 victims and witnesses, providing crisis intervention, culturally competent services, information, and connection to victims immediately after a critical event.

**b. What number of people will be served in this project in the 20<sup>th</sup> Judicial District during the upcoming contract period? (Identify sources of information).**

Based on the 1184 individuals served in 2023 and the 957, individuals served in the first nine months of 2024. We anticipate serving over 900 victims/witnesses in 2025.

**4. How is your project different from other victim assistance agencies in Boulder County?**

The BCSO Victim Assistance Program is the only victim assistance agency that provides immediate on-scene services to all victims and witnesses of crime in Boulder County regardless of the type of crime committed, with the exception of the victim assistance programs that serve the City of Boulder, the City of Longmont, and the Town of Erie. There is no duplication of services between BCSO, the Boulder Police

Department, the Longmont Police Department, and the Erie Police Department's Victim Assistance Programs.

**a. How will your project diminish or eliminate any duplication of services?**

The BCSO Victim Assistance Program has been designed to minimize duplication of services in Boulder County. Our staff and volunteers are well informed of services offered by other agencies in our County and in Colorado. We train our volunteer advocate responders to use this training information to refer victims to appropriate agencies and to assist victims in accessing services when appropriate (i.e. MESA, SPAN, Safe Shelter of St. Vrain Valley, Boulder Mental Health Partners, etc.) BCSO deputies and officers of the other agencies we serve are trained to request advocate assistance promptly and as soon as possible, for all victims/witnesses of crime; advocates called to the scene or to respond by phone when the scene is not safe.

**b. How will you coordinate services with similar or like programs? Describe cooperation with other service providers.**

The BCSO Victim Assistance Program (VAP), Boulder Police Victim Assistance Program and Longmont Police Victim Assistance Program maintain a close working relationship jointly providing training to new volunteer advocates and providing "mutual aid" in the event of a significant event or disaster in which demands exceed resources. BCSO advocates work with personnel in the District Attorney's Victim/Witness Unit and Victim Compensation Program to coordinate efforts to provide services to victims/witnesses. BCSO VAP staff and volunteers connect victims to community partner agencies and programs for victimization issues on-scene and during follow-up contact with crime victims. We collaborate with Community Services' Co-Responders to help ensure the victims are receiving the support accessing mental health services. Our Program staff attends 20<sup>th</sup> Judicial District Service Provider Meetings as well as participates in best practice information sharing, discussions and trainings throughout our service areas, Boulder County and the Metro Area.

**5. In compliance with the American Disability Act (ADA) on providing access, will your agency be able to provide reasonable accommodations for crime victims or victim service providers? Please focus your answer on how you would use funding for communication access.**

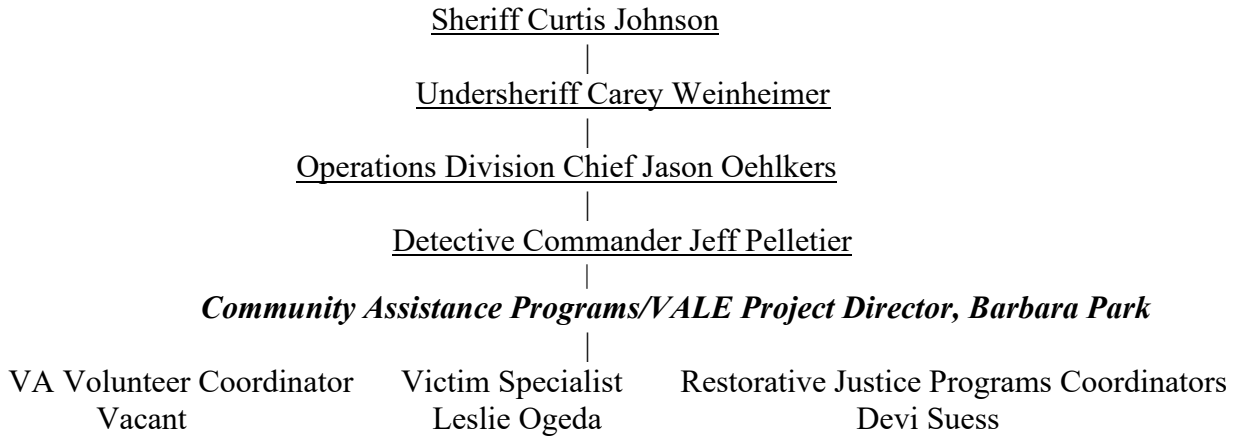

The BCSO Victim Assistance Program is located at 5600 Flatiron Parkway in Boulder. The building has elevators for those people unable to use stairs. Elevators in the building are equipped with Braille for people who are sight impaired. The Boulder Regional Communications Center (dispatch) is equipped with TDD that enables advocates to communicate with people who have hearing impairments. Staff and advocate responders have access to the Department Language Line to assist with any language, including sign, 24/7/365. Advocates utilize interpreters during crisis intervention when face-to-face contact is vital to supporting underserved populations.

**SECTION C: PROJECT MANAGEMENT**

**1. Define the management plan for the program/project. Submit an organizational chart of the agency and identify the positions and persons on the chart who are responsible and accountable for this program. If you are requesting funding for a full- or half-time position, attach a job description.**

The BCSO Director of Community Assistance Programs/VALE Project Director is responsible for the overall management of all Community Assistance Programs, which includes the Victim Assistance Program, and the Restorative Justice Programs (RJ), Restorative Justice Programs include RJ, Community Mediation Program, and Victim Impact Classes. The CAP Director also supervises the Restorative Justice Programs Coordinator. Within the BCSO Victim Assistance Program, the VALE Project Director supervises the Victim Specialist and the Advocate Coordinator, and supports the Advocate Coordinator in supervising the Volunteer Victim Advocates (approximately 40 volunteers). The Boulder County Sheriff's Office Detective Commander supervises the Community Assistance Programs Director/VALE Project Director.

**2. Describe how will you evaluate whether or not this project has met its stated goals? Describe your specific evaluation plan.**

The BCSO Victim Assistance Program is evaluated in the following ways:

- Written and verbal reports from advocates that detail work accomplished during callouts, contacts and follow-ups with crime victims/witnesses, and response time to callouts.
- Input and feedback from advocates and officers concerning specific cases, as well as general input for success and improvement.
- Daily reviews police reports for BCSO reports and review of Lafayette & Louisville PD’s reports upon receipt of their reports to monitor cases appropriate for advocate services.

**3. Does this project utilize volunteers?**

**If yes, describe services performed, the number of volunteer hours anticipated, and the training the volunteers receive.**

The BCSO Victim Assistance Program is heavily dependent upon volunteers. On-Scene volunteer victim advocates respond when paged by the 911 Communication Center to provide immediate assistance to victims and witnesses at the scene of a crime. When victim advocates arrive on-scene they provide crisis intervention, victim rights information, information about the criminal justice system, victim compensation, culturally competent services, emotional support, and referrals.

Based upon the 753 total volunteer hours spent in 2023 and the 239 hours spent in the first nine months of 2024. Our planned 2025 Command Staff & Briefing trainings with all three law Enforcement Agencies we project that On-Scene advocates will contribute over 700 volunteer hours in 2025. We are reorganizing our Outreach Advocate program and anticipate our Outreach Volunteer advocates to contribute over 100 volunteer hours in 2025. (Outreach Advocates have contributed less than 20 hours in past years.)

The 40-hour training required to become an advocate includes, but not limited to sessions on the neurobiology of trauma, crisis intervention skills, listening skills, victimization, trauma-informed care, post-traumatic stress reactions, ethical communication, cultural diversity, persons crimes, property crimes, crime scene investigation procedures, victim rights, victim compensation, grief and loss, working with children, teens and adults, as well as vicarious trauma. A four-hour ride with a patrol officer and a two-hour sit in the 911 Communication Center is also required as part of the training. On-going monthly trainings are provided to develop advanced skills in all the above-mentioned areas.

**SECTION D: CONSTITUTIONAL AMENDMENT**

**1. Describe the services you provide as outlined in the VALE statute (Section 24-4.2- 105 (4) C.R.S.)?**

The BCSO Victim Assistance Program provides immediate assistance in 7 of the 14 listed services as outlined in the VALE statute: (a) early crisis intervention; (c) referral of victims to appropriate social

service and victim compensation programs and assistance in filling out forms for compensation; (c.5) assistance programs for victims and their families (d) education of victims and witnesses about the operation of the criminal justice system; (e) assistance in prompt return of the victim's property; (g) intercession with the employers or creditors of victims or witnesses; (i) translator services; and (l) information regarding protection from threats of harm and other forms of intimidation.

**2. Define how this program/project will address the guidelines for assuring the rights of victims and witnesses as outlined in the Victim Rights Act (Section 24-4.1-302.5 C.R.S.).**

**a. List specific services to be provided. If this project does not impact crime victims' rights, please specifically justify your application.**

Program staff and volunteer advocates provide crisis intervention, ensure that victims/witnesses have been informed of the rights afforded to them, received their rights in writing by providing a Victim Rights booklet and are informed of community services available to them. Advocates educate about the criminal justice process, the availability of financial assistance, assist in filling out Victim Compensation forms and delivering forms to the District Attorney's Compensation Office when appropriate. Advocates assist victims in contacting the Evidence Units of the Agencies we serve, to retrieve property being held in evidence. If a victim indicates that employer intercession is needed, advocates provide this service. Advocates are trained to know when and how to talk with victims/witnesses concerning what steps can be taken in case they encounter intimidation or harassment from the person accused of the crime against them.

**b. Describe the efforts of your agency to ensure that the crime victims served by your agency fully understand the rights afforded them by the constitutional amendment.**

Advocates 24/7/365 have face-to-face contact, sitting with crime victims, listening to the victim(s) and providing information, resources and referrals for their needs. Daily crime reports for the agencies we serve are reviewed to ensure that crime victims/witnesses have received the Boulder County Sheriff Office's Victim Rights booklet. The booklets are detailed, they enumerate and explain the rights afforded to a victim of crime. Advocates directly explain the booklet, highlighting areas that are particularly relevant to a victim's situation and leave a phone number for the victim to call if questions arise after the initial face-to-face contact. Follow-up contact by staff are on-going for as long as an individual request our help.

**c. Does your agency have a statutory mandate to notify victims under the VRA (Victim's Rights Amendment)? Yes**

**d. Describe the type of victim's rights training that has been provided to your staff and volunteers.**

Monthly Advocate Meetings include updates and review of victim rights, with case examples from the previous month cases concerning how victim rights applied in a case. A yearly legislative update is provided by the VALE Project Director to inform on issues related to crime victims' rights passed in the current legislative session. Trauma Informed Response, Mandatory Reporting – including a prerequisite on line training & certificate through Colorado Department of Human Services, and Racial & Cultural Competency trainings were also provided in 2024.

Date of last training October 1, 2024

Training provided by Barbara Park

**e. How do you presently notify victims of their rights under the VRA?**

Advocates and Law Enforcement Officers ensure that victims/witnesses have a Victim Rights booklet while on-scene and review the booklet face-to-face. If On-Scene advocates are not requested immediately deputies/officers are required to give a BCSO Victim Rights booklet and review it while on scene. For the cases when an On-Scene Advocate cannot be called to the scene, an Advocate outreaches via phone and a booklet is mailed or emailed informing the victim/witness of their rights under the law.

- f. Does your agency have a victim rights brochure that is distributed to victims? If so, please attach.**

### 3. BUDGET NARRATIVE

Instructions for the Budget Narrative:

- The budget narrative should use the same category subheadings (e.g., Personnel, Supplies, Operating, etc.). Explain your basis for prorating and calculating where applicable i.e. salary \$15,000/year x 50% full-time employee x 12 months = \$7,500.
- The budget narrative should contain the criteria used to compute budget figures. All budget figures should be justified and explained clearly so as to be easily understood. The budget narrative should show the relationship between category amount and proposed project operations i.e., why the item is needed to do the project. Please be sure that the budget figures in the narrative and those on the budget form are the same.

Personnel: Explain how the salary and benefits for each position was determined.

**The Boulder County Sheriff CAP Director/VALE Project Director provides direct services to primary and secondary victims, witnesses as well as supervises staff and volunteers that provide direct services for victims of crime. The whole experience was frightening! Something like personal theft turns life upside down. I had to notify every ~~bank~~ bank/credit union, change my driver's License number, call credit bureaus and insurance ~~services~~ companies, and hoped that would be enough.

It was disappointing that with the financial information I provided that no one was apprehended. Hopefully, they will get caught for another crime. I am thankful that I was not physically harmed. With different circumstances that could have happened.

I am very grateful for the information provided by the deputy who took my statement. He was helpful and informative.

## Victim Services Programs

What are Victim Advocates and how can they help me? p me?

A victim advocate receives specialized training to support individuals who have experienced a crime or traumatic event. The specialized training explores topics such as neurobiology of trauma, crisis intervention skills, crime victim rights and compensation, navigating the criminal justice system, crime specific education, and tools to provide unbiased trauma-informed support.

There are two types of Advocates::

1. System based- There are advocates in each stage of the criminal justice process- Law Enforcement, District Attorney, Probation, and Corrections
  - System based advocates are not confidential advocates
2. Community based- Local non- profit programs that offer free and confidential services

**Law Enforcement Advocates** respond on scene to provide immediate crisis intervention, emotional support, information, and connection for victims who have experienced a crime.

In the days after your traumatic experience our advocates will:

- Continue to provide emotional support and information on the criminal justice system
- Connect you to appropriate community services that meet your individual needs
- Provide safety planning
- Education on protection orders
- Assistance with crime victim compensation applications
- Emergency financial assistance options
- Ensure you are informed of your Constitutional Rights as a Victim of Crime
